

If you are interested in adding your publication(s) to this list please send your published reference to [ysausa@ysasoft.com](mailto:ysausa@ysasoft.com)

Arimitsu, T. and Tamai, M., 2004: [A Numerical Simulation of Secondary SPM Originated from Automobiles with Lagrangian Model](#), (13th World Clean Air and Environmental Protection Congress and Exhibition, London, UK, August 22 - 27)

Brown, M., S. Burian, T. McPherson, G. Streit, K. Costigan, and B. Greene, 1998: Pollutant transfer through air and water pathways in an urban environment, (AMS 2nd Urban Env. Symp., Albuquerque, NM)

Brown, Costigan, Muller, and Wang, 1999: Meteorological simulations of ozone episode case days during the 1996 Paso del Norte Ozone Study, (AWMA Annual Conference, St. Louis, MI)

Brown, M. and Mueller, C., 1997: The effect of microscale urban canyon flow on mesoscale puff dispersion, (AMS 12th Symp. Bound. Layers & Turb., Vancouver, BC 1997)

Brown, Muller, and Stretz, 1998: Exposure estimates using urban plume dispersion and traffic micro-simulation models, (AMS 10th Conference on Air Pollution Meteorology, Phoenix, AZ)

Brown, Muller, Wand, and Costigan, 2000: Meteorological simulations of boundarylayer structure during the 1996 Paso del Norte Ozone Study, submitted to Sci. of the Total Env.

Brown, M. and Williams, M., 1995: Plume dispersion sensitivity to upper-level wind variations in a Chilean coastal environment (AWMA Annual Conference, Nashville, TN.)

Brown, M. and M. Williams, 1997: The effect of urban canopy parameterizations on mesoscale meteorological model simulations in the Paso del Norte area, (AWMA 90th Annual Conf., Toronto, Canada.)

Brown, M. and M. Williams, 1998: An urban canopy parameterization for mesoscale meteorological models, (AMS 2nd Urban Env. Symp., Albuquerque, NM)

Dumais, R.E., 1997: The U.S. Army Battlescale Forecast Model over the Southern California Desert: Case Study of 16 April, 1997, Proceeding of the 1997 Battlespace Atmospheric Conference 2-4 December 1997, Tech. Doc. 2989, Space and Naval Warfare Systems Center, San Diego, CA, pp. 405-414.

Henmi, T., 1996: Forecasting of fog/cloud and precipitation by the Battlescale forecast Model (BFM), Proceedings of the 1996 Battlespace Atmospheric Conference 3-5 December 1996, Tech Doc. 2938, Naval Command Control and Ocean Surveillance Center, RDT&E Division, pp. 455-464.

Henmi, T., 1997: Battlescale Forecast Model at Ft. Irwin, CA and Statistical Evaluation of 24

Hour Forecast Fields, Proceeding of the 1997 Battlespace Atmospheric Conference 2-4 December 1997, Tech. Doc. 2989, Space and Naval Warfare Systems Center, San Diego, CA, pp. 369-378

Knapp, D.I., and P. Haines 1997: Improving field artillery meteorological data for the U.S. Army using a PC-based mesoscale model, Proceeding of the 1997 Battlespace Atmospheric Conference 2-4 December 1997, Tech. Doc. 2989, Space and Naval Warfare Systems Center, San Diego, CA, pp. 389-393.

Koracin, D. and J. Frye, 2000: A method of evaluating atmospheric models using tracer measurements, *Journal of Applied Meteorology*, 39, 201-221. (contact: darko@dri.edu)

Streit, G.E. and Guzman, F., 1996: Mexico City Air Quality: Progress of an international collaborative project to define air quality management options, *Atmos. Env.*, 30, 5, pp. 723-733.

Wang, Y.J., 1996: The Airflow and Pollutant Dispersion over Coastal Complex Terrain in Northern Taiwan. Department of Atmospheric Science, National Taiwan University, 202 pp.

Williams and Brown, 1997: An exploration of measures for comparing measurements with the results from meteorological models for Mexico City, *Chemometrics & intell. Lab. Syst.*, 37, p. 81.

Williams, M., Brown, M., Cruz, X., Sosa, G. & Streit, G., 1995: Development and testing of meteorology and air dispersion models for Mexico City, *Atmos. Env.*, 29, pp. 2929-2960.
